

Genomic DNA from *Staphylococcus aureus*, Strain HFH-30032

Catalog No. NR-10322

For research use only. Not for human use.

Contributor:

Marcus Zervos, M.D., Division Head Infectious Disease, Henry Ford Hospital, Department of Internal Medicine, Detroit, MI.

Product Description:

Genomic DNA was obtained from a preparation of *Staphylococcus aureus* (*S. aureus*), strain HFH-30032 which was isolated from a human wound in Michigan, 2003.¹

S. aureus, strain HFH-30032 is a community associated methicillin-resistant *S. aureus* (MRSA) strain and is positive for the Panton-Valentine leucocidin virulence factor. *S. aureus*, strain HFH-30032 contains staphylococcal chromosome cassette *mec* type V.¹

NR-10322 has been qualified for PCR applications by amplification of approximately 1500 bp of the 16S ribosomal RNA.

Material Provided:

Each vial contains 4 to 6 µg of bacterial genomic DNA in TE buffer (10 mM Tris-HCl and 1 mM EDTA, pH ~ 7.4). The concentration is shown on the Certificate of Analysis. The vial should be centrifuged prior to opening.

Packaging/Storage:

NR-10322 was packaged aseptically in screw-capped plastic cryovials. The product is provided frozen on dry ice and should be stored at -20°C or colder immediately upon arrival. Freeze-thaw cycles should be minimized.

Citation:

Acknowledgment for publications should read "The following reagent was obtained through the NIH Biodefense and Emerging Infections Research Resources Repository, NIAID, NIH: Genomic DNA from *Staphylococcus aureus*, Strain HFH-30032, NR-10322."

Biosafety Level: 1

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the following publication: U.S. Department of Health and Human Services, Public Health Service, Centers for Disease Control and Prevention, and National Institutes of Health. Biosafety in Microbiological and Biomedical Laboratories. 5th ed. Washington, DC: U.S. Government Printing Office, 2007; see www.cdc.gov/od/ohs/biosfty/bmb15/bmb15toc.htm.

Disclaimers:

You are authorized to use this product for research use only. It is not intended for human use.

Use of this product is subject to the terms and conditions of the BEI Resources Material Transfer Agreement (MTA). The MTA is available on our Web site at www.beiresources.org.

While BEI Resources uses reasonable efforts to include accurate and up-to-date information on this product sheet, neither ATCC® nor the U.S. Government make any warranties or representations as to its accuracy.
